- Grocery, Convenience, Banking, Healthcare, & Restaurants
- Day Care, Assisted Living, & Nursing Care Center
- Churches & Social Halls

Technology for Students
At EPJ, we pride ourselves on integrating technology throughout our K-12 curriculum.

All high school students have 24/7 access to a school laptop computer. All middle school students have laptops during school hours. Two mobile laptop carts, three traditional computer labs as well as classroom computers ensure that all EPJ students have access to technology applications both in and out of the classroom.

Distance learning opportunities, SMART Boards, Interactive TVs and computers are combined to create a technology rich environment for all EPJ students.

EPJ Junior Kindergarten
Developmental readiness is crucial to success in school. Therefore, we offer both Junior and Academic Kindergarten programs to give our students a successful start. Acting as a bridge between preschool and kindergarten, Junior Kindergarten provides an extra year to develop before beginning our challenging academic program.

What Can EPJ Offer Your Students?

Visual and Performing Arts
EPJ offers fine art opportunities for students in instrumental and vocal music and through the visual arts. Location and close proximity to USD also provide many opportunities for artistic exploration and development.
